

21 March 2023

Dr. Japhet Lishomwa,
Director General
Zambia Department of Immigration
Lusaka

Ref: Lifting of COVID-19 travel related restrictions at points of entry

It is with immediate effect that all COVID-19 travel related restrictions for entry into Zambia are lifted. All travelers to Zambia will no longer be required to show proof of vaccination, recovery or testing against COVID-19.

While we continue to detect cases of COVID-19 in Zambia, the incidence is very low. We also note that the COVID-19 is still detected worldwide. To prevent and control COVID-19, the most sustainable way remains vaccination. Therefore, while we have lifted the need to provide evidence of vaccination or negative disease status, we encourage everyone to be vaccinated.

Sincerely,

Professor Roma Chilengi
Director General – ZNPFI
